## GROUP GIVES GIFT TO CITY LIBRARY

The Walker County Geneological Society has presented an interesting and informative scrapbook to the Huntsville Public Library, which depicts the Bicentennial programs planned by the 13 original states of the nation.

The large book was planned and put together by three women of the community:

Mrs. J.D. (Johnnie Jo) Dickenson, Mrs. Robert (Gwen) Conner, both of Huntsville, and Mrs. Mary Rainey of New Waverly.

Judging from the size and colorful contents of the scrapbook, we know these three women spent many hours producing this historic document.
