

THE HUNTSVILLE ITEM

Letters

■ Thanks, Judy Hunter

To the editor:

The Walker County Texas Genealogical Society members want to thank Judy Hunter for her excellent and strong support of their efforts to develop an outstanding genealogical collection for use by local patrons and those who come from other cities to specifically search for details on family history.

Her persistent leadership in acquiring and rearranging space and materials and relaying the needs to city council are greatly appreciated.

Very few, if any, small city genealogical collections measure up to the one housed at the Huntsville City Library. A genealogical society cannot progress without the support of the librarian.

In recognition of her work and support, we have named her an honorary life member (non-dues paying) of the Walker County Texas Genealogical Society.

Thank you.

WALKER COUNTY TEXAS
