

WSGS Has Meeting Saturday

Members of the Walker County Genealogical Society held their July meeting Saturday morning at the home of Mr. and Mrs. John Y. Morgan.

Presiding at the work meeting was Mrs. T.E. Humphrey, president. She gave each member some of the society's new stationery for her correspondence in research work.

New books and periodicals were exchanged and examined for pertinent material. Mrs. J. Rush Stewart asked that members bring to the August meeting the book lists she had given them.

During the meeting the hostess served refreshments of fruit juice and cookies. Arrangements of flowers and summer greenery were used in decorations for the occasion.

Mrs. Clyde E. Hall will be hostess at her home for the August meeting.
