

**SUNDAY, FEBRUARY 8**

**Afternoon of genealogical research at library**

The Walker County Genealogical Society and the Huntsville Public Library invites everyone to an afternoon of genealogical research. The library will be open at 12:30 p.m. on Sunday, Feb. 8, for research. A light lunch will be provided, so participants can come straight from church. Help will be available for researchers and all the computers will be available for research, too. Come enjoy an afternoon of fun and fellowship.
